THE WEEKLY WORD

ST. JOHN'S LUTHERAN CHURCH & SCHOOL

MEDITATION

Matthew 17:1-9

The season of Epiphany is a season of light and revelation. As Epiphany draws to a close, it makes perfect sense that the light of the glory of Christ shines brightly for the world to see in His Transfiguration. Jesus selects Peter, James, and John and brings them up a high mountain. Then, the revelations begin. First, Jesus is transfigured before them with His face shining like the sun. But, if that is not enough, Matthew then begins to give us glimpses of glory as the story unfolds.

The text is like one of those Russian nesting dolls. You see one thing, and then it breaks open and becomes another, and this continues until you are back at the beginning, walking away with more than you ever imagined in your hands.

A conversation with Moses and Elijah, followed by the booming voice of the Father, brings the three disciples to their knees. It's here on the mountain that the Son of God reminds them that they are not alone as He touches them and invites them to "Rise and have no fear." (Matthew 17:7). Jesus invites us to join Him on His journey to the cross and we too find ourselves on our knees in awe of Christ's glory and His presence among us. Through word and sacrament, we catch a glimpse of God's glory in expectation of the glory to come.

PRAYER

Lord Jesus Christ, during Your transfiguration, Your face shone like the sun, and a glimpse of Your glory was revealed to Your disciples. Transfigure us by Your presence and shine into our darkness. Give us a glimpse of Your glory so that we might journey with You to the cross with joy and confidence until You come again in glory. Amen.

Construction Update

The upper gathering area, shown here, now features newly installed bowl-style pendant light fixtures with frosted glass shades.

The men's restroom near the fellowship hall, shown above, now has the new toilet partitions installed. Partitions have also been installed in the women's restroom.

New floor vents, currently covered in blue protective wrapping as shown in the picture, have been installed in the church balcony to provide heating and cooling to this space. Previously, the balcony did not have temperature control, which often made it very hot during the summer months.
